What is an Early Childhood Education Traineeship?

An Early Childhood Traineeship is a rewarding role that combines working in one of our Early Learning Centres, while also studying towards the nationally recognised Certificate III in Early Childhood Education and Care. Through a combination of work and study, you will receive the opportunity to gain hands on practical experience while engaging in formal academic learning with Bedford College, all while earning a wage and receiving generous Government incentives.

As a trainee you will learn from our experienced and dedicated Integricare Educators, while also being paid to attend classes 1 day each fortnight, run by one of the experienced trainers from Bedford College.

The traineeship program is full time (38 hours per week), and will run for 15 months, beginning in October 2022. At the end of the Traineeship Program you will automatically become a Certificate III Educator in one of our Early learning Centres.
